

A poppy for your window

CELEBRATE

the end of fighting in Europe

REMEMBER

those who died to gain this peace

- First do the colouring. Use a different type of red for each of the different sections. Don't worry if you haven't got many different types of reds, use get tips, colouring pencils, paints, biro. Or just press really hard and really soft with pencil crayon. I suggest you leave the words CELEBRATE and REMEMBER in white, but it's up to you.
- After you have coloured it in carefully cut it out.
- Stick it up on a window for all to see, to show that you are both **celebrating and remembering**.
